Re: Nathan Charnes, General Manager, Winghaven Country Club

As one of our 25 Private Clubs in the St. Louis District Golf Association, Winghaven Country Club, under the leadership of Nathan Charnes, has been a valued member of our Association for many years.

Nathan and his organization have hosted numerous District events over the past years, and has always responded affirmatively to our requests to host one of our events. Through his leadership, he and his staff has vigorously worked to make each of events a tremendous success. His positive attitude in dealing with his customers is reflective of the attitude shown by his staff.

Nathan will be a tremendous asset to the PGA Board of Directors. We greatly appreciate the opportunity to endorse Nathan.

Best regards,

Tony Miller
