Sally Morgan, PGA Interim
Executive Director

Dear Mr. Rea,

On behalf of the 325 members and associates of the Kentucky PGA Section, we are proud to second the nomination of Mr. Nathan Charnes, PGA candidate for the office of Secretary of the PGA of America.

The Kentucky Section is extending our support to Nathan because we believe in his leadership and vision for the PGA of America. Nathan's preparation for this moment of leadership is evident and his calm demeanor serves him well in relating to and understanding his fellow PGA members and associates. We feel these attributes, plus many more, will benefit Nathan in being a respected and great officer of the PGA of America, and he complements yourself and John Lindert very well.

Nathan has served at all levels of governance both locally and nationally, and this is a fitting next step for his career in service. We are proud to place our trust and faith with Nathan, who will not only continue to bring a wealth of knowledge to the board, but will also have the members' and association's best interests at all times.

Respectfully submitted,

Danny Baron, PGA
President
